Working in partnership with local Chambers of Commerce we are able to provide your business with quality health insurance coverage with long-term rate stability.

Please note the following important reminders about your Chamber Health Insurance policy:

- Membership in a participating Chamber of Commerce is required in order to be insured in the Chamber Health Insurance Program
- Membership is verified quarterly
- Your business must be a member in good standing 120 days prior to the Chamber renewal date, in order to receive the Chamber pool renewal
- Businesses that are not in good standing with their Chamber of Commerce will remain insured by Dean Health Plan; however, the businesses upcoming renewal will be prepared with the individual health experience of the employees of the business. You will not receive the Chamber Health Insurance Program renewal, which shares the health experience among many participating businesses for rate stability.
